The screenshot shows a web interface for 'My Bank'. At the top, there are links for 'My Account', 'My Transactions', and 'My Preferences'. Below these, there's a section for 'Enter Merchant URL' with a 'GO' button. A 'Credit Card' section shows a 'good visa -- 5082' card with a 'Details' link. There's also a 'Current Profile' section for 'John Doe' with 'Auto Form Fill', 'Auto Login', and 'Save Login' options. An 'Interactive Mode' toggle is set to 'OFF'. A status bar indicates 'Payment card statement from period 10/01/01 to 10/31/01'.

The main section is titled 'Transaction History' and contains a table with the following data:

Transaction #	Date	Merchant	Order #	Description	Amount	Card
1001	2001-10-02 14:40:35.0	amazon	1234567	null	123.45	my credit
1002	2001-10-02 14:53:21.0	ebuyphone	1002059601896	none	7.53	my credit
1003	2001-10-02 14:40:35.0	amazon	1234567	null	123.45	my credit

Below the table, there's a detailed view of a transaction from 'eBuyPhone'. It shows a 'shopping basket' with a table of items:

Qty	Description	Unit Price	Quantity	Subtotal
1	250 Electronic Wireless Handsets™	\$329.99	1	\$329.99
				Subtotal: \$329.99

The detailed view also includes a 'Total' of \$329.99 and a 'Total' of \$329.99. A note at the bottom says 'Click "Update" after you have made a change in Quantity'.
